

The image is a full-page background featuring a classical painting of Pandora. She is a young woman with long, curly brown hair and blue eyes, wearing a red garment. She is holding a wooden jar with both hands. The jar has some text on it, including "NE SIT VBI" and "IGNESCITA". Overlaid on the right side of the painting is a complex digital circuit diagram with white lines and small square components, resembling a printed circuit board (PCB) layout. The circuit lines start from the top right and curve downwards, with some lines ending in small square components.
